peace of mind

LIVE-IN CARE

Welcome to *Abi* live-in

Abilive-in provides you with a 24-hour care service at home so you have all the benefits of a trained carer living with you.

Our Abilive-in service will give you, your family or friends the peace of mind that you are being well looked after in familiar surroundings. We operate at your pace, to your individual care plan, providing companionship, care and help with life at home.

We know the idea of a stranger living in your house might be a daunting proposition for some, which is why we are very selective about our Live-in carers. Each of them is friendly, compassionate and highly trained. All our staff are hand-picked to suit both your care needs and your personality.

Why should you choose us?

As a family led company we have a real passion for care. We will do everything to ensure that you receive the highest standard of service. Our aim is for you to achieve greater independence whilst retaining the dignity and respect you would like.

“Thankyou so much for placing Sylvia with us. She is absolutely delightful, is an excellent carer, always treats Dad with respect and dignity and we feel extremely lucky to have her.”

How can we help?

At Abilive-in we work with you to draw up your plan of care and the goals you wish to achieve. We believe your care plan should be flexible as your needs change.

As well as providing full personal care (bathing, dressing, toileting and supervision of medication etc) our carers will help to keep your house just how you like it. They can assist you with light housework, laundry, cooking, shopping and accompanying you on trips.

Our carers are there to keep you comfortable and allow you greater independence in your own home. Our Live-in carers are your companions to help with everything you do.

Can we help you?

We provide care to all individuals whatever their age. These can include;

- The elderly
- People requiring palliative care
- Those suffering from dementia, memory loss or mental ill health
- Children
- People with physical disabilities or impairment
- Individuals who are recovering after hospital discharge
- People with learning difficulties
- Respite & Emergency Care

When carers need a break

Our respite service is tailored for carers needing a break. We aim to give you complete peace of mind.

Whether you need a weekend away, a holiday, or a few month's break we can help. The same is true when you need someone you can trust if called away for an emergency.

“Please express our thanks and gratitude to Thula for all of her hard work and dedication to Dad over the period she was with us. She is a lovely lady who I am sure will be just as well thought of by any family she goes to work with. We wish her all the very best in her future.”

You can rest assured that our carers are both friendly and trained to provide a high standard of care. Our care team will work with you to understand your family's or friend's routine. They ensure that their daily life runs smoothly while you are away.

Key Benefits

- Staying in the comfort of your own home
- Cost effective one-to-one care
- Control of your day-to-day life
- Allowing quality time for you and your family rather than doing domestic tasks when they visit
- Peace of mind for you and your family
- Being able to stay with your pets
- Keeping at the heart of your community
- Companionship
- Maintaining your independence

Hello,

I'm Anne-Marie Perry. I founded Abilive-in because I believe we could help change the way professional care is delivered.

Your care journey from short periods of home help to full live-in care should be a pleasurable experience.

I promise, however much or little care you need, any of our services in the Abigroup will help you achieve a better independence.

Thank you for considering us.

Anne-Marie Perry
Managing Director
